North American Style Guide for Akubra Hats

2015

David Morgan has been distributing Akubra hats, Australia’s finest fur felt hats, here in North America since 1965. We offer stock service from our warehouse in Bothell, Washington of more than twenty Akubra styles well suited to the North American market. Our stock service Akubra styles are shown on this Style Guide. Detailed descriptions of each stock service style can also be found at our web-site.

Stock Service Ordering Information  Our minimum order is just $250. Fill-in orders to existing accounts for less than $250 will carry a handling charge of $15. You may order by phone, fax or mail. Most orders are shipped within 48 hours. We do our best to fill all orders from stock. However, if we are unable to fill your order we will let you know and, unless specifically asked by you, will cancel orders we cannot fill immediately.

Shipping  We ship by US Postal Service and United Parcel Service, with the hats nested to minimize your shipping costs. Wholesale shipments are made Tuesday through Friday. Please allow at least two days for shipment of larger orders.

Please note: Export regulations preclude shipping our kangaroo leather products outside the US.

Payment Terms  Net 30 days, no discounts allowed, F.O.B. Bothell, Washington. Overdue accounts are subject to a monthly service charge of 1.5% (18% per annum). We will not process orders on any accounts over 30 days past due. Please pay from invoices. Statements are sent upon request only.

Indent Order Program  In addition to this easy and convenient stock service, we can provide you with most of the more than 70 styles Akubra makes in pure fur felt and straws (hemp braid and polypropylene) through our Indent Order Program. Indent orders are manufactured by Akubra for the specific customer placing the order, therefore require significant lead times (120 to 155 days) and have higher minimum orders. Please call for more information.

Hat Sizing  To determine your hat size, measure the circumference around your head, keeping the tape level and firm, across the temples and above the eyebrow ridges. Check the size chart below. Akubra hats are manufactured to metric hat sizes.

Circumference of head where hat brim sits:

<table>
<thead>
<tr>
<th>Inches</th>
